Using PowerPoint or Keynote for Online Lectures

George Adams
Lindsay Family Postdoctoral Teaching Fellow
Department of Music

Allie Scholten
Digital Collections Manager
Visual Resources Center

Which Program to Use?

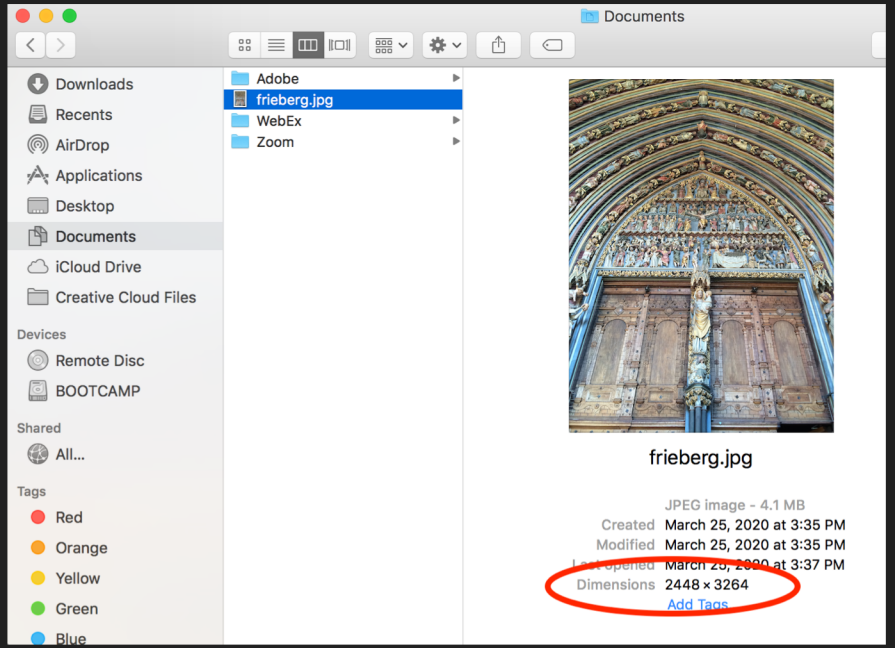
Keeping Slides Clear

IMAGES

- 1500 pixels on the long edge
- Use conservatively
- Break up text, add variety

TEXT

- > 16 point font size
- Sans serif font
- Contrasting colors



Highlighting Details in a Slide

Save time through:

- Duplicating slides and images
- Use arrows and boxes

Emphasizing Text

“An example of a sentence where a part of the sentence might be highlighted to emphasize a point. Changing the highlighted text can transition to a new section. New sections can be highlighted from the same passage.”

Emphasizing Text

“An example of a sentence where a part of the sentence might be highlighted to emphasize a point. Changing the highlighted text can transition to a new section. New sections can be highlighted from the same passage.”

Presenting Remotely

Zoom

- External monitor for presenter notes
- Use Sidecar to add an iPad as second screen

Panopto

- View presenter notes → “Capture PowerPoint/Keynote”

Sharing PowerPoints After a Lecture

Save File	Source	Share
Save as PowerPoint file OR Export as PDF	Shared Box folder OR Google Drive folder	Add to Canvas
